Dear HL7 Member,

The Structured Documents Work Group has asked me to forward you a set of recommended corrections and modifications to the currently published "**HL7 Implementation Guide for CDA® Release 2: Consolidated CDA Templates for Clinical Notes (US Realm) Draft Standard for Trial Use Release 2.0**". The referenced document can be found on the HL7 website at

http://www.hl7.org/documentcenter/public/standards/dstu/CDAR2_IG_CCDA_CLINNOTES_R2_D1_2014NOV.zip

A future balloted and published version of this Implementation Guide will contain these recommended changes. However, the Work Group felt that the activity in the US supporting the adoption of Meaningful Use Rules and a push for increased interoperability among providers and public health agencies warranted that this letter be sent out to insure that all who use this Implementation Guide have the most current information.

Files included in this errata notification

Sincerely,

A handwritten signature in black ink, appearing to read 'Ken McCaslin'.
